NIGHT OWLLs

ALL VOICES COUNT

Directed by Donna Folan, Co-Directed by Maureen Finnerty

November 15 & 16, 2019, 7:30–9:30pm

All Voices Count, Until Tomorrow Production's most recent endeavor, brings together young actors and story-tellers with disabilities and those without to create multi-disciplinary improvisation performances. The cast addresses relevant contemporary communication and social and political issues. The performance will be followed by a reception.

On With Living and Learning's Night OWLLs series brings culture-specific programming to Assemblage, welcoming a range of underrepresented voices and audiences to the Fort Point Arts Community, and opening up space for collaboration and conversation around a diversity of perspectives.
